1.0 PURPOSE

The purpose of this policy is to set guidelines for implementing consistent asset management processes throughout the Rural Municipality of Clayton No. 333

2.0 SCOPE

This policy applies to all the Rural Municipality of Clayton No. 333's departments, officers, employees and contractors.

3.0 OBJECTIVES

To ensure adequate provision is made for the long-term management of major assets by:

- Ensuring that services and infrastructure are provided in a financially sustainable manner, with the appropriate levels of service to customers and the environment.
- Safeguarding infrastructure assets including physical assets and employees by implementing appropriate asset management strategies and appropriate financial resources for those assets.
- Creating an environment where all employees take an integral part in overall management of infrastructure assets by creating and sustaining an asset management awareness throughout the organization by training and development.
- Meeting all regulatory requirements for asset management.
- Ensuring resources and operational capabilities are identified and responsibility for asset management is allocated.
- Demonstrating transparent and responsible asset management processes that align with demonstrated best practice.

4.0 POLICY

4.1 Background

Asset management practices impact directly on the core business of the Rural Municipality of Clayton No. 333 and agreed asset management is required to achieve our strategic service delivery objectives.

Adopting asset management principles will assist in achieving Strategic Long-Term Plan and Long Term Financial objectives.

Sustainable Service Delivery ensures that services are delivered in a socially, economically and environmentally responsible manner in such a way that does not compromise the ability of future generations to make their own choices.

Sound Asset Management practices enable Sustainable Service Delivery by integrating customer values, priorities and an informed understanding of the trade-offs between risks, costs and service performance.

4.2 Principles

The Rural Municipality of Clayton No. 333 Sustainable Service Delivery needs will be met by ensuring adequate provision is made for the long-term planning, financing, operation, maintenance, renewal, upgrade, and disposal of capital assets by:

1. Ensuring that the Rural Municipality of Clayton No. 333's capital assets are provided in a manner that respects financial, cultural, economic and environmental sustainability;
2. Meeting all relevant legislative and regulatory requirements;
3. Demonstrating transparent and responsible Asset Management processes that align with demonstrable best-practices;

4. Implementing sound Asset Management plans and strategies and providing sufficient financial resources to accomplish them by:
- a. Asset Management plans will be progressively completed for all major asset/service areas.
 - b. Expenditure projections from Asset Management Plans will be incorporated into the Rural Municipality of Clayton No. 333's Long-Term Financial Plan.
 - c. Regular and systematic reviews will be applied to all asset plans to ensure that assets are managed, valued, and depreciated in accordance with appropriate PCAB 3150.
 - d. Regular inspection will be used as part of the asset management process to ensure agreed service levels are maintained and to identify asset renewal priorities.
 - e. Asset renewals required to meet agreed service levels and identified in adopted asset management plans, and when applicable long term financial plans, will form the basis of annual budget estimates with the service and risk consequences of variations in defined asset renewals and budget resources documented.
 - f. Future life cycle costs will be reported and considered in all decisions relating to new services and assets and upgrading of existing services and assets.
 - g. Ensuring necessary capacity and other operational capabilities are provided and Asset Management responsibilities are effectively allocated;
 - h. Creating a corporate culture where all employees play a part in overall care for the Rural Municipality of Clayton No. 333's assets by providing necessary awareness, training and professional development; and
 - i. Providing those we serve with services and levels of service for which they are will and able to pay.
